Couldn't do it without **Fund**

To the Editor: As the executive director **of** a child guidance center, I am writing this letter to express my organization's grateful appreciation for the manner in which the **Darien Community Fund** has supported the work we do in our **community**.

Their progressive allocations process, which includes the caring and sophisticated panel that visited the agency to listen and learn about our services, was enjoyable and productive.

The financial support for traditional critical behavioral health services to children, youth and families, as well as additional support for innovative start-up projects demonstrates the thoughtful and capable stewardship at the **Darien Community Fund**.

Thank you for your partnership.

We couldn't achieve our mission without you!

Stuart Greenbaum Executive Director Child Guidance Center **of** Mid-Fairfield County.
