The Community Fund of Darien

Celebrating 75 Years

2025-2026* Annual Report

75 Years of Granting Impact (1951-2026)

*Fiscal Year July 1, 2025 - June 30, 2026

Dear Philanthropic Friends of the Community Fund of Darien,

What a year! It is my great pleasure to share the many successes of our Fiscal Year 2025–2026, a milestone year in which we celebrated our 75th Anniversary and proved that, after three-quarters of a century, we are still growing.

This year's Darien Road Race broke records. We launched an instantly popular new fundraising event, Mahjong for Good, and expanded Designed to Dine into dual celebrations: an afternoon tea and an evening event. At the heart of it all, eighty-seven dedicated volunteers participated in our signature Community Grant Review Process, carefully reviewing the needs of our community and ensuring that our donors' contributions are allocated to make the greatest impact on local priorities.

Behind the scenes, our dedicated staff embraced the challenge of moving to a new donor database that has streamlined our bookkeeping and enabled new opportunities to plan, prepare, and build donor connections. Meanwhile, our Board completed a new strategic plan that sets an audacious goal: to increase annual grant awards to $1 million by 2030.

More dollars raised = more grants awarded = more people served = greater impact

This is only possible because of YOU! Thank you for your generosity, time, and belief in neighbors helping neighbors. I invite you to join me, our Board, and our staff as we continue to improve the lives of families in Stamford, Norwalk, and Darien.

With gratitude,

Maggie Domont

What We Do

Life-changing Grants

The Community Fund of Darien assists our neighbors in Stamford, Norwalk, and Darien by awarding grants to carefully vetted local nonprofits that provide food, shelter, access to physical and mental healthcare, job and skills training, and youth success programs.

Youth Programs

We provide middle and high school students with opportunities to engage in local community service & learn about philanthropy.

Darien Initiatives

The Touch-A-Life Fund provides urgent financial assistance to Darien residents in need. In partnership with the Department of Human Services, the fund helps prevent evictions, keep the lights on by covering utility bills, and ease immediate financial burdens.

Human Services Planning Council

We bring together an expert forum of leaders from local government, education, nonprofit, and other local professionals to address social service priorities in Darien.

Thriving Youth Darien

We convene a volunteer coalition of community organizations to promote and empower positive youth development and mental health with the goal of reducing teen substance use thanks to a federal Drug Free Communities Grant administered by Centers for Disease Control and Prevention.

Community Grant Review

Community Grant Review is our annual process to evaluate nonprofit applicants to ensure that we are funding the most effective local nonprofit organizations. This year, 87 local Community Grant Volunteers (CGVs) contributed their time, expertise, and perspective to our due diligence efforts. Volunteers were placed on teams and assigned 3 organizations to review. Volunteers read applications, conducted site visits, and with their panel, completed an evaluation rubric for each organization. The panels then presented their findings and funding recommendations to The Community Fund of Darien's Grants Committee.

Youth Programs
Youth Give Back (YGB)

From fall 2025 through spring 2026, **41 Darien 7th and 8th grade students** participated in Youth Give Back (YGB), contributing **over 300 hours of volunteer service**. Through meaningful experiences volunteering at local nonprofits, students gained insight about the needs of our surrounding community and the importance of giving back. Students volunteered at **Fairgate Farm**, **Waveny LifeCare Network**, **At Home in Darien**, **Person to Person**, **Darien Nature Center**, **Darien YMCA**, and **Under One Roof**.

"My favorite part was being with all of my friends while also helping the people around me."

Youth Give Back Student

Youth Programs: Freshman Community Group (FCG)

From September 2025 to April 2026, 27 Darien 9th graders participated in Freshman Community Group (FCG) exploring key topics around the high school transition — such as managing stress, building friendships, and understanding substance use — through sessions led by a licensed clinical social worker.

In addition to these mental health discussions, students learned about local human service needs and volunteered at a variety of community nonprofits. Students volunteered at **Fairgate Farm**, **Filling In the Blanks, Darien Nature Center, Person to Person, and STAR Inc.'s Sports Buddies.**

"It felt so good to know that you are helping others."

FCG Student

"I liked that I got to share my opinion and was never criticized for it even when people disagreed."

FCG Student

"I learned how to say no when I'm feeling peer pressured."

FCG Student

Youth Programs: Youth Asset Team (YAT)

During the 2025-2026 school year, 26 Darien 10th-12th graders participated in Youth Asset Team (YAT) to learn, lead, and support one another through meaningful conversations, hands-on activities, and community engagement. Throughout the year, participants built a supportive environment where they could speak openly, explore important topics affecting teens today, and feel heard by their peers.

Students became certified in QPR suicide prevention training, met with Detective Joe Cusano of the Youth Division of the Darien Police department for an honest and informative conversation, and learned about the health risks associated with vaping. Students also participated in a workshop led by Nikkia Ellis, Director of Education at the Domestic Violence Crisis Center, focused on healthy relationships and boundaries.

"YAT left a huge impact on me. I find myself talking about it all the time. Now that I'm in college, I am trying to be an ambassador for mental health on my sports team because I was so inspired by what we learned about in YAT."

Youth Asset Team Student

Youth Programs: Youth Community Fund (YCF)

From August 2025 to May 2026, 69 Darien 10th-12th grade high school students participated in Youth Community Fund (YCF). Students learned about philanthropy and the role of nonprofits in our community, engaged in a variety of volunteer projects at different local nonprofit organizations and raised funds for their grant pool.

Towards the end of the school year, the YCF students identified a group of local nonprofit organizations to consider for funding. The students reviewed grant applications and conducted site visits at the nonprofits and collectively agreed on how best to allocate the funds. **This year, the students awarded a total of $18,000 to 16 local nonprofits.**
