# Invite Inspire Impact

Welcome to The Community Fund of Darien's third annual *Designed to Dine* Fundraising Luncheon – Invite, Inspire, Impact. We have invited the finest designers, florists and decorators to create magnificent and imaginative tablescape which inspire us. *Designed to Dine* brings us together with the goal of building an engaging community to raise funds that will impact Stamford, Norwalk and Darien nonprofit agencies.

The Community Fund of Darien was established in 1951 and has since distributed over \$28 million to deserving local nonprofits. Our panel of Grant Volunteers contributes 650 volunteer hours every year, conducting on-site visits and reviewing applications to ensure your donation is wisely invested.

Join us today to *Invite, Inspire and Impact* – as we build new connections that give us all a deeper sense of belonging. Building a better community falls to each of us. We are grateful for you, your charitable spirit and your support of our community.

With gratitude,

# ABOUT THE COMMUNITY FUND OF DARIEN

Since 1951, The Community Fund of Darien has granted \$28 million to local nonprofits in Darien, Norwalk and Stamford which ensure our neighbors have access to food, shelter, physical and mental healthcare, job and skill training, and youth success programs.

This year, The Community Fund of Darien was proud to award \$790,000 to 36 of the area's most impactful nonprofit organizations.

Community allows us to help people in a way we could not as individuals. By pooling our resources, we exponentially increase our impact.

### Eliza Crater Harris

#### *Chief Creative Officer of Sister Parish*

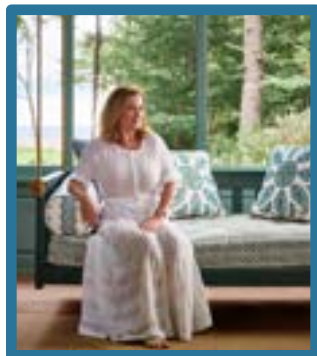

Hear from [Eliza Crater Harris](#) as she discusses the rich history of Sister Parish with lifelong friend and interior designer [Lilse McKenna](#).

The duo will explore Sister Parish's iconic influence on design and how her legacy has shaped Lilse's work. Eliza and Lilse will also share how they continue to bring Sister Parish's timeless values—authenticity, comfort, and connection—into their own modern design practices.

Sister Parish Design (SPD) is an iconic American heritage textile and wallcovering brand. Founded in 1933 by legendary American interior designer Sister Parish, SPD is a fourth generation female owned and operated family business with a history of providing timeless and effortless designs to the great American houses of the past and future. Run by CEO Susan Crater and

*Eliza Crater Harris*

*Lilse McKenna*

her daughter, Creative Director Eliza Crater Harris, their mission is to encourage, inspire and educate designers and design enthusiasts alike to create homes that value their company's beliefs. Susan and Eliza are proud to be known for their commitment to historically driven design and truly believe that it is through this lens that great American houses are born.

*Eliza Crater Harris*

*Sister Parish*

At only 23, Sister Parish opened her decorating business in 1933. Despite the depression and WW2, Mrs. Henry Parish II flourished and decorating the White House for the Kennedys compelled her to bring on a new talent, Albert Hadley. He was made partner shortly thereafter and the iconic firm Parish Hadley was born. Sister passed away in 1994 and made a lasting mark on American design. The New York Times obituary noted, "Mrs. Parish's six decades of decorating epitomized the rise of women in her own and other professions in 20th century America." Following in Sister's footsteps, Susan (Sister's granddaughter) and Eliza (Sister's great granddaughter) have continued to bring her iconic ideas, designs and spirit into the world of American design and are proud to continue her legacy.
